Solving a Healthcare Challenge

Altro Puresentials addresses the growing demand for more environmentally friendly building materials, specifically in areas that require PVC-free options. By offering Altro a PVC-free alternative, we tackle the challenge of reducing the environmental impact associated with traditional wall cladding materials. Our solution aligns with the market trend of seeking eco-friendly alternatives and caters to the needs of environmentally conscious consumers and businesses.

Altro Puresentials wall cladding meets the commercial durability, cleanability, and hygiene needs of this cleanroom.

Altro Puresentials is a hygienic and durable wall cladding option in this operating room.

Solution

Made in the USA, Altro Puresentials features a 2mm thick, semi-rigid plastic panel available in 4x8' and 4x10' sheets. These dimensions make it suitable for a variety of commercial applications where durability and cleanliness are essential, such as healthcare facilities, food processing areas, laboratories, or any space that requires a hygienic and easy-to-maintain surface.
